

FAA Safety Team presents:

## **IMC Club Lincoln Park Chapter Meeting**

IMC Club, through its nationwide chapters, provides organized "hangar flying" focused on building proficiency in instrument flying. IMC Club believes that safety and proficiency are developed through education and experience.

Monthly meetings use real world scenarios to engage our members and allow them to share and build their experience. Open to everyone. You do not have to be instrument rated to attend. Click on the link below and register TODAY. Please bring your iPad or other device so you can look at charts as we discuss a real-world instrument flying scenario.

If you cannot attend this event and have registered online, please remove your registration or call to have your name removed so others may attend.

**Directions:** Aero Safety Training is located between the hangars on the corner of Jacksonville Road and Beaver Brook Road. Beaver Brook Road is also known and mapped as Hillview Road. Parking is available in the main parking lot for Sunset Pub & Grill. Walk through the gate to Aero Safety. The meeting will be held in the conference room.

## Event Details

**Tue, Mar 1, 2016 - 19:00 EST**

### **Aero Safety Training**

425 Beaver Brook Road

Lincoln Park, NJ 07035
